

# CHILDREN AND YOUTH DISSEMINATING COVID-19 ACCURATE INFORMATION

Children advocating, mobilizing, raising awareness,  
informing and communicating.

North Africa and the Middle East: Middle East

In Egypt, Jordan, Lebanon, the State of Palestine and Syria, through the International Young Catholic Students (IYCS), youth leaders in the medical fields filmed a video explaining to children the context of the pandemic. The video contained practical steps of how to stay safe. Overall, 5000 children were reached and encouraged to share the information with their communities
