

# PROTECTING GIRLS AGAINST FEMALE GENITAL MUTILATION

Children advocating, mobilizing, raising awareness, informing and communicating.

Sub-Saharan Africa: Kenya

Organization working to create awareness on the negative effects of female genital mutilation, and protecting girls. "During this period children have been more at risk due to the lockdown and social distancing. Reporting cases has not been easy. Children have started calling the toll free numbers shared to report when at risk of FGM" Anti FGM Board Kenya
