

CHILDREN'S EDUCATING THEIR PEERS AROUND COVID-19

Children building capacities and researching

Asia and the Pacific: Cambodia

COCD aims to improve the quality of life of vulnerable and abused children in Cambodia through tackling structural causes of poverty, inequality, social exclusion and child abuse. COCD has built capacity of Child peer educators around prevention measures during COVID-19 outbreak. After the training, children peer educators have raised awareness with children on COVID-19 using child-friendly explanation.
