

# GIRLS TEACHING GIRLS

Children building capacities and researching

Europe and Others: United States of America (NYC)

Girl Scouts offered a free virtual summer camp over zoom to all girls who are registered members with the Girl Scout organization. This was a 4-week camp from K-12th grade girls, and had different thematic weeks, and different girls registered to participate each week. The sessions were run with the same group of girls in the morning and afternoon session, ranging in time from 45 mins - 1.5 hours (depending on age), and 10 - 15 girls/ group, and at 2-3 adult chaperones in all room. The themes were connected to Girl Scouting badges.
