

PROVIDING PHYSICAL AND MENTAL HEALTH CARE TO MARGINALIZED COMMUNITIES

Children engaging and supporting their peers,
including reaching the most vulnerable

Asia and the Pacific: India

Providing food and services to very marginalized communities. The online and on-field counselling services have been provided to 365 children and 354 women by the trained and experienced psycho-social care staff of the project. They also report domestic violence being a "trend" with children now, with impacts on mental health.
