

CHILDREN CONTRIBUTE TO THE EU STRATEGY ON THE RIGHTS OF THE CHILD GUARANTEE

Children engaging with decision making

Europe and others: Europe

Over 10,000 children aged 13 to 17 were consulted to contribute their views to the European Strategy on the Rights of the Child, in collaboration with ChildFund Alliance, Eurochild, Save The Children, UNICEF, and World Vision: ‘We urge all politicians to consider our views and needs when making decisions that concern us. As Albert Camus famously said, “Democracy is not the law of the majority but the protection of the minority”.’ (Extract from the Child Advisory Board’s foreword to the report)
