

# CHILDREN WRITING LETTERS ABOUT THE PANDEMIC

Children innovating, creating and expressing

Latin America and the Caribbean: Colombia

The objective of this strategy is to promote feedback from children from Save the Children programs within the framework of COVID-19 limitations. Following biosafety protocols, periodically a staff member gives the children a format with its envelope so they can write and share their complaints, comments and/or opinions so that this information can be analyzed and responded to close the feedback loop.
