

CHILD'S RIGHTS CLUBS FOR CHILDREN TO DISCUSS ISSUES AFFECTING THEM

Children Innovating, Creating And Expressing

Middle East and North Africa: South Sudan

In South Sudan, children are participating in awareness-raising activities among vulnerable groups on different forms of violence, including child marriage, FGM, child sexual abuse and exploitation, and child trafficking. Children are then supported by 'Child's Destiny and Development Organization (CHIDDO)' to form child rights clubs to discuss issues affecting them, raise awareness on a peer-to-peer level, express themselves freely, and make their voices heard on the issues most affecting them.
